### EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

1. **Claims 1-3, 5-12, and 14-28 are allowed.**

2. The following is an examiner's statement of reasons for allowance:

Regarding *claims 1, 10, and 19*, the primary reason for allowance is that the prior art fails to teach or reasonably suggest determining if the selected camera is being used by another user and selecting another camera if it is determined that the camera is being used by another user.

As for *claims 22, 27, and 28*, the primary reason for allowance is that the prior art fails to teach or reasonably suggest setting tables which include a relation between a point to be designated on the map and a camera to be selected, and are different for each monitoring client wherein the camera selection device selects the optical camera in accordance with the tables set by the setting device. The examiner takes this limitation to mean the table represented in Figure 6.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
